

Letter of Certification

City of Hollywood
Office of Planning, Room 315
2600 Hollywood Boulevard
Hollywood, FL 33020

RE: Process # B10-101589
Brunke Residence
349 Georgia Street
Hollywood, FL 33019

June 10, 2010

Dear Planning Office,

We are respectfully submitting the following application for variances to allow the homeowner to beautify and enhance the quality of their property.

This letter shall certify that my office has obtained, reviewed, and certified the process of notifying all of the residents within a 300' radius of the property listed above. We have requested and obtained from the Broward County Property Appraisers office a listing of all properties within a 300 foot radius and have produced mailing label sheets for distribution. These labels were adhered to the City of Hollywood (provided) envelopes and mailed out using first class postage via regular US mail. All international addresses were mailed using the appropriate international postage and sent from the regular US mail post office in Hollywood on Polk Street.

Please record this letter as the official recording of the letter / mailing certification for this property and/or project.

Sincerely,

A handwritten signature in blue ink, appearing to read "J. Scott Conner", with a long horizontal flourish extending to the right.

J. Scott Conner, AIA
