

**CITY OF HOLLYWOOD, FLORIDA
INTER-OFFICE MEMORANDUM
PLANNING & DEVELOPMENT SERVICES**

DATE: October 8, 2011

FILE: 11-TZ-11

TO: Planning & Development Board/
Local Planning Agency

FROM: Andria Wingett, Planning Manager *AW*

VIA: Jaye M. Epstein, AICP, Director *JME*

SUBJECT: The City of Hollywood requests a Text Amendment to the Zoning and Land Development Regulations to create new zoning districts, establish permitted/prohibited uses and create development regulations; further, rezoning certain properties generally located between Sheridan Street and Johnson Street and N. 20th Avenue and N. 17th Avenue and also including certain properties north of Shenandoah Street between Federal Highway and N. 16th Avenue with the exception of properties zoned Government Use (GU).

REQUEST:

1. Create Federal Highway Zoning Districts, which establish permitted/prohibited uses and create development regulations; and
2. Rezone certain properties generally located between Sheridan Street and Johnson Street and N. 20th Avenue and N. 17th Avenue and also including certain properties north of Shenandoah Street between Federal Highway and N. 16th Avenue with the exception of properties zoned Government Use (GU).

RECOMMENDATION:

Staff recommends the Planning and Development Board acting as the Local Planning Agency forward this petition (11-TZ-11) to the City Commission with a recommendation of approval.

BACKGROUND:

Traditional land use planning and zoning precluded commercial and residential development from taking place on a single parcel. This practice of separating uses was established in the early 1900's and is better known as Euclidean zoning. Still a common practice among many American cities, this form of zoning functions as nuisance control and can be attributed to encouraging sprawl. This trend of segregating uses by establishing separate commercial and residential Land Use and Zoning Districts shaped many of Hollywood's corridors into what they are today.

The City-Wide Master Plan (CWMP) identifies US1 as “Predominantly tourist oriented low rise motel/hotel use was developed along US1 when US1 was a major inter city highway”. During the early 1930’s, shortly after the creation of Federal Highway this road was considered the main thoroughfare connecting travelers from the north to South Florida. However with the creation of Interstate 95 (I-95), travelers have found a faster way to move. While Federal Highway corridor remains a main thoroughfare, traffic is now more localized.

During the mid-to-late 20th century new concepts in urban planning emerged in response to rapidly growing populations and the desire to reform existing land use strategies. These ideas reintroduced the notion of walkable communities with mixed-use development (commercial and residential). While mixed-use trends were new to some U.S. cities older, larger cities such as New York, Boston, Philadelphia, and Chicago were originally established with this style of development. Subsequently, in 1990 Hollywood then created a mixed-use Land Use category known as the Regional Activity Center (RAC) in an effort to reshape the future of development within this city. At that time boundaries of the RAC were essentially the same as the Downtown Community Redevelopment Agency (DCRA) area.

Looking to attract more intense development along the Federal Highway and Dixie Highway corridors, promote redevelopment outside of the DCRA and encourage more intense mixed-use development along major arterial roadways, the City expanded the RAC boundaries in 2005. This larger area includes Pembroke Road to Sheridan Street between 17th Avenue and 24th Avenue with a portion extending west along Hollywood Boulevard to Interstate 95 (Attachment B). Expanding the RAC set the foundation needed to begin regentrifying one of Hollywood’s earliest communities.

As a result of previous actions the City knew the zoning for these areas also needed to be examined; not only to reflect the expanded mixed use land use, but to also promote the City’s vision of redevelopment outside of the DCRA and intensifying corridors by encouraging more concentrations of mixed use development along them. As such, several zoning studies were completed for the Community Redevelopment Agency area and major corridors as well. These include *Downtown Hollywood Master Plan* (Zyscovich 2009), *Hollywood Corridor* (Zyscovich 2006) Downtown Urban Land Institute (ULI) study and *Downtown Hollywood Young Circle* (Zyscovich 2004), all of which gave recommendations for new zoning districts/overlays. The culmination of these studies as well as the City-Wide Master Plan all have different yet similar and important concepts that were considered with this request. Many of the concepts, such as maintaining a preservation zone and creating a Federal Highway Overlay District or in this particular case development bonuses, have been incorporated into the proposal.

REQUEST:

This specific request includes modifying three existing zoning districts, creating development bonuses and rezoning certain properties generally located between Sheridan Street and Johnson Street and N. 20th Avenue and N. 17th Avenue and also including certain properties north of Shenandoah Street between Federal Highway and N. 16th Avenue (Attachment B). While the CWMP specifically recommends creating a US1 Overlay District it states, “*This area, because of its predominate small scale retail commercial orientation, will require the most intervention given the changing conditions of retail orientation in the US1 Corridor.*”

The intent of these proposed zoning regulations is to take advantage of opportunities provided by the RAC Land Use which were not permitted under the previous land use or current zoning. These new regulations

will allow residential and commercial uses along Federal Highway to cohabitate where they could not before, while preserving surrounding residential neighborhoods. However, most importantly, existing commercial zoning boundaries will **not** be further deepened into the residential neighborhoods. This will ensure stand-alone commercial development does not occur mid-block in residential neighborhoods. Instead, specific development bonuses will apply to parcels ≥ 1.5 acres having frontage along Federal Highway for a depth of up to 300' as shown on the attached map (Attachment B). This concept is supported by the *Hollywood Corridor* study and the CWMP which mentions, "The zoning overlay district should also contemplate extending into the residential areas where applicable to allow the assembly of land to create viable projects that will enhance both the corridor and the residential areas immediately behind it."

Interestingly, the cities of Dania, Hallandale and Hollywood all have Regional Activity Centers along Federal Highway. This means from just south of I-595 to the Dade/Broward County Line a common vision of mixed-use development and intensifying corridors is shared in multiple cities. We have worked closer with Dania, as it is proximate to the study area. Dania does not permit uses such as automobile sales, tattoo parlors and tow lot and encourages uses such as restaurants, internet cafes, banks, large retail and schools. Their development standards along the corridor are very specific and leave little room for individual design.

This research led to the creation of three new zoning districts (outlined below) including certain development bonuses for properties ≥ 1.5 acres with frontage along Federal Highway:

Federal Highway Commercial (FHC-2) Zoning District

Fronting Federal Highway, this district provides the most opportunity for lasting change along the corridor. Currently, these properties are zoned Low/Medium Intensity Commercial (C-2). The district purpose is to "provide standards for the sale of goods and services to the entire city while remaining compatible with the surrounding neighborhood". While many of the current regulations within this district are appropriate for the rest of the City, the community recognizes Federal Highway as needing specific standards due to the importance of this highly traveled corridor.

This proposed district will encourage mixed-use development fronting Federal Highway. This concept will be implemented by better incorporating residential along the corridor and **maintaining** existing commercial zoning district lines so as not too deepen them into surrounding residential neighborhoods. This will protect the integrity of residential neighborhoods to the east and west by ensuring stand-alone commercial development does not happen mid-block. Instead, specific development bonuses will be available for larger properties.

The existing commercial zoning district allows a broad range of commercial uses such as retail, personal services, automotive sales, offices, consignment shops, etc. (Attachment D). The City-wide Master Plan mentions, "The role of US1 changed drastically with the construction of I-95...the areas north of Young Circle are more commercially oriented". In the 1930's when Federal Highway was constructed, many of these uses may have been appropriate to this corridor as it was the main route between northern states and South Florida. However, these uses need to be reevaluated to meet the City's and community's current vision. As such, adjacent neighborhoods, including the New Image Task Force, Lakes Section Civic Association, City of Dania Beach and City of Hallandale were all consulted with to help develop these regulations.

Uses

While many of the proposed changes are a long-term solution to regentrifying this area, modifying permitted and prohibited uses will have an immediate and lasting impact. Whether perceived or real, types of uses cities permit - especially when collocated - have an alleged detrimental affect on communities. As such over 65 City stakeholders from the impacted neighborhoods participated in a survey identifying uses to encourage and discourage. The survey resulted in identifying uses such as bookstore, café, bicycle shop, restaurant and boutique type uses to encourage and recommended discouraging car rental, cemetery, pawn shop, check cashing, coin laundry, outdoor storage, tattoo parlor and vehicle storage lot all of which have been incorporated into the proposed regulations. A detailed list of proposed permitted/prohibited uses was developed to be compatible with the survey and can be found in Attachment C.

Density

Current zoning regulations allow a residential density of 18 units/acre. However, residential use is restricted to 50% of the **total** floor area of the building. This greatly reduces the opportunity for multi-level residential buildings with first-floor commercial uses. This zoning regulation was required to be consistent with the previous land use (General Business). Removing this stipulation will provide additional opportunities for property owners as well as being a true mixed use land use (RAC). Further, maintaining the density of 18 units/gross acre will continue to be compatible with the surrounding residential neighborhoods. These changes will now allow multilevel residential and commercial buildings. However, residential will not be permitted on the ground floor or as a stand alone use.

Development Standards

In order to further increase economic development opportunities by maximizing redevelopment of these parcels the immediate adjacent residential properties need to continue to have the ability to support this vital commercial corridor. When properties fronting Federal Highway were originally platted in 1923 lots in this area were designed to be long and narrow. At that time, the Federal Highway right-of-way was 66'. In 1969 the Florida Department of Transportation widened Federal Highway, taking 7' feet from each lot fronting Federal Highway on the east and west. Thereby creating an 80' right-of-way which exists today. Thus, the size (specifically the depth) of these lots is perceived to have hindered development over the last several decades and made the remaining properties challenging to redevelop as it left commercial properties fronting Federal narrow and shallow with limited landscaping and setbacks.

Therefore, using residential areas immediately adjacent to the properties fronting Federal Highway for **at-grade parking only** would allow for more viable commercial opportunities. This concept of having an at-grade parking lot on residentially zoned property (Parking Lot Overlay) is currently permitted, but seldom used (Attachment D). Should the Parking Lot (PL) Overlay be used in this area the following would be required:

- Parcels be located directly adjacent each other (sharing a common property line)
- Unity of title or control and must be owned by the same person/company
- Total maximum property size <1.5 acres (including PL area)

An incentive to doing this would be the opportunity for commercial development to be built to the commercial lot line (no building setback). This is different from today's regulations where staggered setbacks of up to 55' for a 60' tall building would be required when adjacent to residential zoning for a commercial building even if the PL was utilized. Although current regulations allow for no building setback along Federal Highway or other commercial property should the PL be used a 10' building setback

from Federal Highway would be required. Additionally, all buffering requirements (i.e. wall and landscape) would still be required; however they would be shifted to be between the parking lot and adjacent residential uses. Implementing this concept would allow for larger, more intense development while still maintaining the integrity of residential areas. However, as discussed later in this report, additional development bonuses may apply to these areas, should minimum lot size and lot depth be met.

While modifications are needed to better suit Federal Highway, components of the existing district regulations will continue to benefit the corridor. This includes retaining maximum height (60' or 5 stories) and setbacks with the exception of Federal Highway (0' adjacent to commercial, staggered where adjacent to residential zoning unless the PL is used) (Attachment D). However, clarifying setback requirements (i.e. front, side, rear) to be more in-tune with recent zoning changes (i.e. street, avenue, interior) will help to further simplify existing regulations.

Federal Highway Development Bonuses (FHDB)

Federal Highway Development Bonuses will be important when redevelopment of larger assembled property having frontage on Federal Highway are developed. These bonuses are also designed to allow the architect to be creative, thus not over regulatory. These regulations will allow for more intense development to take place by providing incentives such as doubling the height and density should all of the following be met (underlying C-2 standards are required unless stated otherwise below (i.e. buffer and landscape)):

Plot size:

- ✓ ≥ 1.5 acres
- ✓ 300' maximum parcel depth (from Federal Highway)
- ✓ Depth cannot be greater than width unless all lots fronting Federal Highway are included
- ✓ Unity of title or control

Setbacks:

- ✓ 20' when adjacent to a residential zoning district
- ✓ 10' along Federal Highway and street sides

Height:

- ✓ Up to 120' for first 150' depth (from Federal Highway)
- ✓ Up to 45' for remaining area

Standards:

- ✓ Up to 36 units/acre (When exceeding 18 units/acre City Commission approval is necessary.)
- ✓ Nonresidential uses shall **not** extend beyond 150' from Federal Highway
- ✓ Residential 2nd floor and above unless lining a structured parking garage
- ✓ Parking garage permitted in remaining area up to 300' from Federal Highway
- ✓ Structured garage shall have residential liners (i.e. townhomes) and may be incorporated up to the third level and the remaining levels must be decorative and provide appropriate screening
- ✓ Within 150' from Federal Highway; first floor shall include nonresidential component(s) (100% gross leasable area) and have primary access fronting Federal Highway
- ✓ Building design shall be decorative (i.e. fenestration, ornamentation and landscape) and provide undulation
- ✓ City Commission may approve modifications/additional requirements as deemed necessary for specific projects

When developing using the above bonuses there are a few areas in which commercial uses would be permitted due to the shallow depth of the commercial zoning (Attachment B). This would only happen in instances where the commercial zoning district is currently less than 150' deep. Using these bonuses in different zoning districts is permissible because of the RAC (mixed-use) land use. There are also a few (approximately three) areas where there are large parcels over 300' deep. In these few areas the bonuses would be available. However, only structured parking or residential uses could take place.

The intent of these bonuses is to protect the integrity of residential neighborhoods to the east and west by ensuring stand-alone commercial development does **not** happen mid-block. Instead larger mixed-use development fronting Federal Highway will be encouraged. Unlike Planned Development Zoning (PD), which has little regulation to anticipate future development, these bonuses provide a higher degree of certainty to neighborhoods with regards to future development while also outlining specific guidelines for developers. Additionally PD's outside the CRA's must have a minimum of 10 acres. Hollywood being essentially a built out community, meeting this minimum is challenging and hampers regentrification in needed areas.

Federal Highway Multifamily (FHM) Zoning Regulations

FHR-18

This District is proposed for the east and west sides of Federal Highway behind the existing commercial district fronting the corridor (currently RM-18). Generally, the neighborhoods to the east are well established, while the community to the west is more transient in nature. Although it is important to introduce new opportunities for property owners within this area, it is equally vital to ensure any potential impacts to this and adjoining neighborhoods are minimized. Economically, these neighborhoods are some of Downtown's greatest assets and need to be treated as such.

As with the proposed commercial district, maintaining the current maximum height (45', 4 stories), is recommended. This will allow for a "step down" from the 60' (5 stories) immediately allowed along Federal Highway. However, current RM-18 setbacks can be confusing and, at times, difficult to implement. As such, staff proposes clarifying existing setbacks (i.e. front, side, rear) to be more in-tune with recent zoning changes (i.e. street, avenue, interior), similar to the commercial recommendation. Further, existing side and rear setbacks in the study area are based on lot proportions (i.e. sum of side setbacks shall be 20% of lot width) which create confusion. However, the most recent zoning changes in nearby areas simplify setbacks to allow for set amounts. While some of the proposed setbacks are different than current setbacks the buildable area is actually increased.

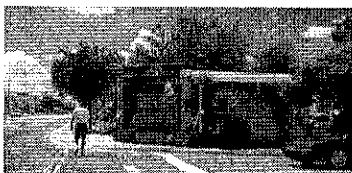

<i>Existing</i>		<i>Proposed</i>	
Front	20'	Street	25'
Street Side	15'	Avenue	15'
Interior Side	20% of lot width, 50' maximum with no side less than 7.5' 5' for lots ≤ 50' wide	Side Interior	10' 5' lots ≤ 50' wide
Rear	1 sty 20' ≥2 sty 15% of lot depth, 20' minimum	Rear	20'

FHR-12

This section abuts the more industrial area towards Dixie Highway. Today residential (single family, duplex, townhouse, apartment building) is the only main permitted use within the existing RM-12 zoning district. However, the changing housing climate provides opportunity to permit additional, transitional uses in this area. As such, allowing bed & breakfasts is recommended. The current density of 12 units/gross acre and height of 35 feet/3 stories will be maintained. Today RM-12 and RM-18 share the same setbacks; therefore the FHM-12 setbacks will reflect the same as the chart above.

CONSISTENCY WITH THE CITY-WIDE MASTER PLAN

Sub-Area 2, East Hollywood, is geographically defined by the Intracoastal Waterway to the east, Dixie Highway to the west, Sheridan Street to the north and Pembroke Road to the south. This area includes the residential neighborhood of the Lakes, West Lake and the ill-defined residential areas between Federal and Dixie Highways.

Some of the neighborhood issues are “...redevelopment of properties fronting on Federal Highway, the interface between commercial development on Federal Highway and residential uses to the east...streetscape on Federal Highway and redevelopment of properties fronting it, improving streetscape, improving the interface between non-residential development and residential development...” The corridor is further described by the “presence of substantial number of small parcels which contain inadequate parking, landscape and buffering from residential areas”. While the CWMP identifies numerous issues, as identified above, such as limited sidewalk space for pedestrian amenities. Some opportunities include “vacancy rates of small establishments”.

The proposed text amendment and rezoning are consistent with the City-Wide Master Plan based upon the following Guiding Principles and Policies:

Guiding Principle: *Promote the highest and best use of land in each sector of the City without compromising the goals of the surrounding community.*

Policy CW.6: *Define options and develop recommendations for redevelopment, nonconformity, etc. along major transportation corridors, i.e.: Dixie Highway, US 1, Stirling Road, Griffin Road, Pembroke Road, US 441/SR 7 and Hollywood Boulevard.*

Policy CW.15 & CW.19: *Place a priority on protecting, preserving and enhancing residential neighborhoods while incorporating the unique characteristics of redevelopment areas.*

Policy CW.44: *Foster economic development through creative land use, zoning and development regulations, City services and City policies.*

Policy CW.80: *Identify and evaluate vacant buildings and encourage adaptive reuse where the building is worth saving. In cases where the building is not worth saving demolition and land assembly is encouraged.*

Policy 2.14: *Encourage expansion of business and public improvements that are “family oriented” and targeted to local residents and workers.*

Policy 2.46: Preserve stable neighborhoods and encourage rehabilitation initiatives that will revitalize and promote stability of neighborhoods.

The proposed text amendment and rezoning are consistent with the CWMP as the recommendations promote stability of neighborhoods while encouraging appropriate vision driven development along Federal Highway.

CONSISTENCY WITH THE COMPREHENSIVE PLAN

The proposed text amendment and rezoning are consistent with the Comprehensive Plan, based upon the following:

Land Use Element

GOAL: Promote a distribution of land uses that will enhance and improve the residential, business, resort, and natural communities while allowing landowners to maximize the use of their property.

Policy 3.2.18: Define options and develop recommendations for redevelopment, nonconformity, etc. along major transportation corridors, i.e.: Dixie Highway, US 1, Stirling Road, Griffin Road, Pembroke Road, US 441/SR 7 and Hollywood Boulevard. (CWMP Policy CW.6)

Policy 4.9: Place a priority on protecting, preserving and enhancing residential neighborhoods while incorporating the unique characteristics of redevelopment areas. (CWMP Policy CW.15 & CW.19)

Objective 5: Encourage appropriate infill redevelopment in blighted areas throughout the City and economic development in blighted business and tourist areas by promoting improved architectural and streetscape design standards, code enforcement, economic development, neighborhood planning, and public information dissemination.

Housing Element

Policy 7.4: Determine the potential for additional residential development, where appropriate. (CWMP Policy CW.82)

The intent of the proposed text amendment and zoning change is to beautify the corridor while encouraging appropriate infill redevelopment.

Analysis of Criteria and Findings for Text Amendments as stated in the City of Hollywood Zoning and Land Development Regulations Article 5.3 (J)(2).

CRITERIA A: **The proposed change is consistent with and in furtherance of the goals, objectives and policies of the adopted Comprehensive Plan as amended from time to time.**

ANALYSIS: The proposed amendments are consistent with the City's Comprehensive Plan's Land Use Element Goal and Policy 5.16. Both of these provisions address

“improving the residential, business, resort and natural communities as well as fostering economic development through creative land use, zoning and development regulations”.

FINDING: Consistent

CRITERIA B: **That conditions have substantially changed from the date the present zoning regulations were established.**

ANALYSIS: The proposed amendments are reflective of changes in development pressures being placed along the Federal Highway Corridor. The City and local residents are concerned with creating economically viable developments with unique characteristics.

FINDING: Consistent

Analysis of Criteria and Findings for Rezoning as stated in the City of Hollywood Zoning and Land Development Regulations, Article 5.3(K)(2).

That the petition for a change in zoning does not meet any one of the following criteria whereby the request would be considered contract or spot zoning:

CRITERIA A: **That the petition for a change of zoning district will not result in spot zoning or contract zoning.**

ANALYSIS: The proposed rezoning covers over 200 acres. The rezoning will not grant special privileges to any one specific property, but to multiple properties in the eastern part of the. The purpose of the rezoning is to preserve the residential neighborhoods while enhancing and promoting needed redevelopment that is sensitive to the community yet unique to the fabric of Hollywood.

FINDING: Consistent

CRITERIA B: **That the proposed change is consistent with, and in furtherance of, the Goals, Objectives and Policies of the City’s Comprehensive Plan.**

ANALYSIS: The rezoning will be in furtherance of the Comprehensive Plan by providing a range of housing opportunities, assuring uses compatible with adjacent areas, encouraging appropriate infill redevelopment and directing development to areas where public facilities already exist to serve it.

FINDING: Consistent

CRITERIA C: **That conditions have substantially changed from the date the present zoning district classification was placed on the property which make the passage of the proposed change necessary.**

ANALYSIS: Undoubtedly, conditions have changed over time. The new Zoning Districts, including design and landscape standards, have been created to ensure redevelopment of the Federal Highway Corridor is vision-driven instead of project-driven and done in a more balanced manner.

FINDING: Consistent

CRITERIA D: **The proposed change will not adversely influence living conditions in the neighborhood.**

ANALYSIS: The new zoning is intended to provide flexible opportunities for new development along Federal Highway while improving living conditions of adjacent neighborhoods. The intent of the regulations is to provide for development of a sustainable, mixed-use environment that embodies the City of Hollywood's unique nature.

FINDING: Consistent

CRITERIA E: **That the proposed change is compatible with the development(s) within the same district/neighborhood.**

ANALYSIS: The purpose of the rezoning is to provide standards for redevelopment consistent with pervious rezonings. The uses permitted with this reclassification are more compatible with the RAC Land Use by allowing a mix of residential, commercial and office uses in an area where these uses were previously primarily segregated.

RECOMMENDATION

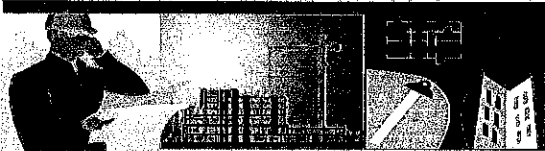

Staff finds the request is consistent with the criteria rezoning and is consistent with applicable criteria for the proposed text amendment and thereby recommends the Planning and Development Board forward a recommendation of *approval* to the City Commission.

2600 Hollywood Boulevard Room 315
Hollywood, FL 33022

GENERAL APPLICATION

Tel: (954) 921-3471
Fax: (954) 921-3347

This application must be completed in full and submitted with all documents to be placed on a Board or Committee's agenda.

The applicant is responsible for obtaining the appropriate checklist for each type of application.

Applicant(s) or their authorized legal agent must be present at all Board or Committee meetings.

At least one set of the submitted plans for each application must be signed and sealed (i.e. Architect or Engineer).

Documents and forms can be accessed on the City's website at http://www.hollywoodfl.org/comm_planning/appforms.htm

APPLICATION TYPE (CHECK ONE):

- Technical Advisory Committee
- Historic Preservation Board
- City Commission
- Planning and Development Board

Date of Application: September 30, 2011

Location Address: See Attached

Lot(s): _____ Block(s): _____ Subdivision: _____

Folio Number(s): _____

Zoning Classification: _____ Land Use Classification: _____

Existing Property Use: _____ Sq Ft/Number of Units: _____

Is the request the result of a violation notice? () Yes () No If yes, attach a copy of violation.

Has this property been presented to the City before? If yes, check all that apply and provide File Number(s) and Resolution(s): _____

- Economic Roundtable
- Technical Advisory Committee
- Historic Preservation Board
- City Commission
- Planning and Development

Explanation of Request: Text Amendment to the Zoning and Land Development Regulations to create new zoning districts, establish permitted/prohibited uses and create development regulations; further, rezoning certain properties.

Number of units/rooms: _____ Sq Ft: _____

Value of Improvement: _____ Estimated Date of Completion: _____

Will Project be Phased? () Yes () No If Phased, Estimated Completion of Each Phase _____

Name of Current Property Owner: _____

GENERAL APPLICATION

CERTIFICATION OF COMPLIANCE WITH APPLICABLE REGULATIONS

The applicant/owner(s) signature certifies that he/she has been made aware of the criteria, regulations and guidelines applicable to the request. This information can be obtained in Room 315 of City Hall or on our website at www.hollywoodfl.org. The owner(s) further certifies that when required by applicable law, including but not limited to the City's Zoning and Land Development Regulations, they will post the site with a sign provided by the Office of Planning and Development Services. The owner(s) will photograph the sign the day of posting and submit photographs to the Office of Planning and Development Services as required by applicable law. Failure to post the sign will result in violation of State and Municipal Notification Requirements and Laws.

(I)(We) certify that (I) (we) understand and will comply with the provisions and regulations of the City's Zoning and Land Development Regulations, Design Guidelines, Design Guidelines for Historic Properties and City's Comprehensive Plan as they apply to this project. (I)(We) further certify that the above statements and drawings made on any paper or plans submitted herewith are true to the best of (my)(our) knowledge. (I)(We) understand that the application and attachments become part of the official public records of the City and are not returnable.

ATTACHMENT C
Proposed FHC Uses

Low/Medium Intensity Commercial (C-2)
to Federal Highway Commercial (FHC-2) Zoning District Proposed Uses

Permitted

- Commercial uses such as: antique store, art gallery, bicycle shop, book store, boutique
- General commercial (may not be compatible directly under a residential story); Athletic & health club, fitness studio, group instruction in art, music, drama, martial arts, aerobics, crafts, studio for individual instruction or tenant workspace for art, music, drama, martial arts
- Adult educational facilities
- Assembly of pre-manufactured parts for sale on premises
- Auditorium and convention hall
- Automotive sales (new)(excluding RV)
- Bank & financial institution
- Café
- Consignment shop
- Copy, print shop
- Dry clean establishment
- Hotel & Motel
- Large retail establishment
- Marine equipment sales (new)
- Museum, library
- Office, including business, sales, professional, travel agent, IT, medical, veterinary, etc
- Personal services
- Place of worship, meeting hall, fraternal lodge
- Residential on the 2nd floor & above
- Restaurant
- Retail (indoor/outdoor)

Special Exception

- Day care facility
- Movie theater
- Recreation center, athletic facility with spectator seating
- School (public or private)
- Service stations
- Sign fabrication and sign printing shop

Accessory

- Any use customarily associated with the Main Permitted Use or Special Exception
- Assembly, repair, and fabrication of premanufactured art objects, apparel, jewelry, and home furnishings accessory to a principal retail use
- Crematory
- Liquor stores, package stores
- Live entertainment accessory to full-service restaurant, coffee house or similar establishment
- Outdoor produce sales (fresh fruit, vegetable, plant and flower retail sales), accessory to a retail use that primarily sells uncooked food, or beverages or both
- Outdoor dining accessory to a full-service restaurant, bar, ice cream shop, internet café
- Car wash, accessory to any other use

Prohibited

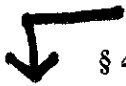

- Any use not listed as a Main Permitted Use or Special Exception
- Arcade or amusement center
- Assisted Living Facility
- Automobile rental
- Bail bondsman
- Bingo hall
- Boarding house
- Car wash (principal use)
- Cemetery
- Check cashing store, payday loans
- Coin laundry
- Community Residential Home (7 or more residents)
- Contractor shop, cabinet or furniture shop
- Convalescent Home
- Flea markets
- Food processing
- Gun shop or range
- Liquor stores, package stores (stand alone)
- Motels
- Outdoor storage
- Pain Management Clinic
- Pawnshop
- Penal, correctional, re-entry facility or half-way house for adult or juvenile offenders
- Psychic help uses
- Residential care facility
- Sales, storage, or display of lumber or building materials
- Self-storage facilities
- Single-family residential
- Social Service Facility
- Substance Abuse and Rehabilitation treatment center, facility or clinic (inpatient or outpatient)
- Tattoo, body art, or body piercing
- Temporary employment agency, day labor office
- Thrift Store/Consignment shop
- Tow lot (vehicle storage)
- Two-family (duplex) residential
- Vehicle (including RV and watercraft) assembly, repair, paint and body shop, auto glass shop, storage, warehousing, sales (used), display, leasing, and rental
- Warehouse (including self-storage), industrial, or manufacturing use
- Welding, sheet metal, tool and die, furniture or cabinet manufacturing
- Wholesale sales

(6) See Section 4.2.D for RM-WET Wetlands District Regulations.									
(7) See Section 4.2.E for NBDD North Beach Development District Regulations.									
* Platted lots or lots of record which contain less than the minimums are considered as legal non-conforming and may be developed consistent with these regulations.									
** Includes landscaped open space located at-grade or at higher elevations such as on pool decks, parking decks, roof decks and similar uses.									

Hollywood — Zoning and Land Development Regulations

C. (1) Setback requirements main structure: RM-9, RM-12 and RM-18.

Front	Side/Interior	Side/Street	Rear
20 ft. for structures; 5 ft. for at-grade parking lots.	The sum of the side yard setbacks shall be at least 20% of the lot width, but not to exceed 50 ft. with no side yard less than 7.5 ft.; except, platted and recorded lots of 50 ft. or less in width may have a 5 ft. setback. When an existing Building has a 5 ft. side yard setback, the setback of new construction may also be 5 ft. This applies to the linear or vertical extension of a single story building.	15 ft.; except at-grade lot 5 ft.	1 story bldg. - 20 ft. 2 story bldg. or higher - 15% of the lot depth; 20 ft. min.

Cross-reference:

For parking lots, see § 4.21

(2) Setback requirements main structure: RM-25, BRT-25.

Front	Side/Interior	Side/Street	Rear	
(1) Pedestal	25 ft.; except Retail uses shall provide 0 ft. setback.	The sum of the side yard setbacks shall be at least 25% of the lot width, but not to exceed 50 ft. with no side yard less than 10 ft., whichever is greater. Retail uses shall provide 0 ft. setback.	15 ft. minimum; except retail uses shall provide 0 ft. setback.	1 story bldg. - 20 ft. 2 story bldg. or higher - 15% of the lot depth; 20 ft. min. 50 ft. maximum.
(2) Tower	25 ft. + 1 ft. increase for each ft. of height above 50 ft. Setback not to exceed 50 ft.	The required pedestal setback plus 20% of the height of the tower portion of the bldg. The total required tower setback shall not exceed 50 ft.	The required pedestal setback plus 15% of the height of the tower portion of the bldg. The total required tower setback shall not exceed 50 ft.	Oceanfront lots* - 25% of lot depth. Non-oceanfront lots - 15% of lot depth. No setback less than pedestal setback.
(3) Setbacks are measured from the base building line pursuant to Article 3.				
(4) See § 4.2.D for RM-WET Multiple Family Wetlands District Regulations.				
(5) See § 4.2.B for NBDD North Beach Development District Regulations.				
* Oceanfront Lots are properties that have the erosion control line as a property line.				

Schedule of District, Use and Setback Regulations

B. C-2 Low/Medium Intensity Commercial District.

1. Purpose and uses:

District Purposes	Main Permitted Uses	Special Exception	Accessory Uses	Prohibited Uses
<p>This district is intended to provide standards for the sale of goods and services to the entire city while remaining compatible with the surrounding residential neighborhood.</p>	<p>Apt. on the second floor and above.* Assembly of pre-manufactured parts for sale on the premises (See § 4.20.h). Automotive sales (new). Commercial uses. Except for Self-Storage Facilities. Consignment shops. Hotels & Motels. Offices. Personal Services. Places of worship, meeting halls and fraternal lodges. Retail (indoor/outdoor).** Adult Educational Facilities (See Article 2 "Definitions"). *Can not exceed 50% of the total floor area of the building. **See performance Standards § 4.3.J</p>	<p>Day Care Facilities. School,** public or private. Service Stations.</p>	<p>Any Use that is customarily associated with the Main Permitted Uses or Special Exceptions. 2. Development regulations:

Setbacks	Maximum Height	Minimum Unit Size (Sq. Ft.) and Maximum Density
<p>0 ft. adjacent to commercial property. If adjacent to residential zoning district. # of Stories Setback front, rear, sides 1 15 ft. 2-5 15 ft. + 10 ft. per floor A 5 ft. landscaped buffer must be included within the setback area with one tree for every 20 linear ft. of required buffer area. See Performance Standards in § 4.3.J.</p>	<p>5 stories or 60 ft.</p>	<p>Apt.: 500 Min. 750 Avg. Hotel or motel: 300-335 sq. ft 15 % of units 335+ sq. ft 85% of units Density: Apts. = 18 units per acre Hotel or motel = 36 units per acre.</p>

Setbacks are measured from the Base Building Line pursuant to Article 3.

Schedule of District, Use and Setback Regulations

I. OM Mixed Use Office District.

1. Purpose and uses:

District Purposes	Main Permitted Uses	Special Exception	Accessory Uses	Prohibited Uses
This district is intended to provide standards for the development and maintenance of low intensity administrative and/or professional office uses which are located in close relationship to established or planned residential neighborhoods and which are designed in such a manner as to be compatible with the residential character of adjacent areas.	Offices. Multiple family residential on the second floor and above.* *Can not exceed 50% of the total floor area of the building.	Day care facilities Funeral Home Places of worship, meeting halls & fraternal lodges. Schools, bus. & commercial	Any Use that is customarily associated with the Main Permitted Use. See § 4-20.	Any use not listed as a permitted use or Special Exception.

2. Development regulations:

Min. & Max. lot size (sq. ft.)	Max. lot coverage	Setbacks	Max. Height	Min. residential unit size (sq. ft.)
1 Platted lot	60%	20 ft. from any lot line. When abutting a residential district, a 5 ft. landscaped buffer must be included within the setback area with one tree for every 20 linear ft. of required buffer area. See § 4.3.J.5 for property lines abutting a residential district.	4 stories or 50 ft.	500 Min. 750 Avg.

Setbacks are measured from the Base Building Line pursuant to Article 3.

J. Performance standards (All districts except as noted):

- Automotive uses including sales, repair, detailing and washing: All vehicle repair shall take place within a fully enclosed building. No windows or garage doors shall be placed within 100 ft. of residentially zoned property.

Vehicles left on site overnight for repair shall be placed in storage at a location which meets the outdoor storage standards listed below.

Hollywood — Zoning and Land Development Regulations

Detailing/car washing shall only be permitted in a structure or under a permitted canopy. Canopies shall not be placed where they will interfere with parking or traffic circulation.

When automotive repair services are offered in conjunction with the retail sale of parts, said repair area shall not be permitted if it faces residentially zoned property. The service drive for the repair area shall be surrounded by 6 ft. high concrete opaque wall. The paved area shall be surrounded by a 5 ft. landscaped area. Any air compressor shall be within a wholly enclosed building that prevents the transmission of noise.

2. Burglar alarm: Shall not face residentially zoned property.
3. Crematorium: Shall be approved by the appropriate state agencies.
4. Day Care Facilities: When located in single family districts are regulated by Broward County Ordinance No. 90-33, as amended. Commercial Day Care Facilities shall provide a minimum of 45 sq. ft. per child of outdoor play area. Day Care Facilities for adults are exempt from the outdoor play area requirement.
5. Design and landscaping requirements:
 - a. All pervious areas shall be landscaped with grass, ground cover and/or shrubbery.
 - b. All office or commercial development adjacent to residentially zoned properties on the sides and rear shall be separated from the residential property by an opaque 6 ft. high concrete wall and tree screen.
 - c. Any development which has parking in any yard that faces a street shall provide an opaque 4 ft. high concrete wall set back three feet from and parallel to the street right-of-way line or a screening hedge with a 100% irrigation system. If the wall is selected, it shall also include a screening hedge in the setback area.
 - d. Design, landscaping, and performance standards in the O-1 Light Intensity Office District:
 - (1) Any property in the O-1 district which involves conversion of a nonoffice use to another Permitted Use or Special Exception use or is the subject of a building permit application shall be reviewed pursuant to the Development Review procedures. Any such property subject to Development Review may be required to modify either the site and/or any buildings on the site as part of the Development Review process. The Community Planning Director may require improvements to the building and site in order to insure that the conversion meets the objectives of this article.
 - (2) The design, scale and appearance of all structures in the O-1 district:
 - a. Sites containing 2 lots or less: Elevations facing the main street shall be designed as an office or as a single family home; however, the area of the window openings may

Schedule of District, Use and Setback Regulations

not be reduced. The remaining elevations shall maintain the single family residential character of the building. The facades and roof lines of buildings shall be designed to break up their linear appearance and form. This standard applies to new construction, additions and rehabilitation work.

- b. Sites exceeding 1.5 acres: shall be designed in such a manner as to be compatible with single family residential structures even though the office buildings may be significantly larger in size. The intent is to achieve a compatible architectural relationship between nearby single family residential development and larger sized office buildings. The facades and roof lines of the office building(s) shall be designed to break up their linear appearance and form.
- (3) New buildings shall be sited in a manner that results in the maximum distance from adjacent residential structures.
 - (4) Gabled roofs on new buildings shall use concrete flat tile or barrel tile. Existing buildings which currently have shingle, flat tile, or barrel tile are required to maintain the same roofing material or better. Gravel roofs are not permitted. If they presently exist, they must be upgraded according to aforementioned standard; however, flat gravel roofs may remain if they cannot be seen from the street. The Community Planning and Development Department shall determine if the proposed roofing material is of a higher aesthetic quality than the present roof. Additions shall have shingle, flat tile, or barrel tile and match the existing roof.
 - (5) Parking Requirement: 1 space per 250 sq. ft. for sites greater than 0.25 acres in size, 1 space per 500 sq. ft., to a maximum of 5 spaces for sites less than or equal to 0.25 acres in size (requirement applies to Permitted Uses for O-1 as listed above).
 - (6) The design of the parking lot shall be approved by the Community Planning and Development Director based upon the following regulations:
 - a. Two way drive minimum width: 12 ft.
 - b. Parking lot setback: 5 ft. setback from any lot line
 - c. Driveway setback: 3 ft. setback from any lot line.
 - d. Head-in/back-out parking: not permitted.
 - e. Required parking spaces (tandem) may be designed on a circular drive with an interior landscaped island.
 - (7) Cross-access agreements between properties shall be recorded in the public records prior to the issuance of a building permit.
 - (8) Wall/Fencing. Landscaping shall be placed between the wall and any lot line when adjacent to a right-of-way.

Hollywood — Zoning and Land Development Regulations

- a. Sites exceeding 0.5 acres shall have a decorative CBS wall. Long walls should be designed to break-up their linear form through alternating the location of the footings. The placement of pilasters, stucco banding, decorative caps and similar types of treatments on the wall is encouraged.
 - b. Sites 0.5 acres or less, a decorative opaque non-wood wall/fence, 6 feet in height shall be installed where adjacent to residential.
- (9) With the exception of one or two car garages on sites less than 1.5 acres, parking spaces shall not be located below the lowest occupied finished floor elevation of a structure.
- (10) An appeal of the Community Planning Director's decision regarding compliance with any of the above criteria is to the Development Review Board.
- (11) Hospital Hospitality House.
- a. Shall be located within 150 ft. of a hospital.
 - b. Shall be limited to one per hospital.
 - c. Shall be owned by the hospital or an affiliated entity.
6. Outdoor uses - storage:
- a. Shall be in conjunction with a principal use in the district and located within 700 ft. of that use;
 - b. Shall be surrounded by (the storage area) a 6 ft. opaque fence; and
 - c. Shall contain a 5 ft. landscaped buffer on all street frontages.
7. Outdoor uses-retail sales:
- a. Shall be part of a licensed use that occurs within a wholly enclosed building.
 - b. The retail area shall be surrounded by a 6 ft. vinyl coated chain link fence, wood fence, CBS wall, aluminum picket fence or wrought iron fence.
 - c. A 5 ft. landscape buffer shall be provided adjacent to the required fence or wall.
 - d. Temporary retail sales associated with holidays, seasonal promotions or special events may occur on vacant lots and are exempt from a - c above with the approval of the Community Planning and Development Director. An application for a permit shall be filed with the Building Division; and, once approved, be valid for 45 days and shall be granted no more than 3 times in one calendar year. A fee of \$50 per each promotion or event is required along with proof of a current Occupational License.

Schedule of District, Use and Setback Regulations

- e. Temporary outdoor retail sales (special promotions and grand openings in conjunction with an existing retail establishment shall be permitted based on the following (exempt from a - c above):
 - 1. Grand Openings: one time in one calendar year, for 10 consecutive days.
 - 2. Special Promotions: two times each calendar year, 5 consecutive days each.
 - 3. A application processing fee of \$50 per each promotion or event is required.

- 8. Pet care and veterinary offices: May include on-site animal boarding, provided that all animals shall be treated or kept inside fully-enclosed air conditioned buildings. The area in which the animals are boarded shall be designed to prevent the transmission of noise. No openings shall be permitted in walls which face residentially zoned property.

- 9. Thrift shops located within the C-3 Medium Intensity District:
 - a. Shall have a minimum floor area of 10,000 square feet;
 - b. All goods donated for sale at the thrift shop must be accepted through the rear of the store;
 - c. No more than 30% of the floor area shall be utilized for receiving, sorting and storage of donated goods;
 - d. The sale of furniture is prohibited; and
 - e. Only the sale of small tabletop electronics is permitted
 - f. Shall post signs advising patrons that the merchandise/goods within the store are primarily pre-owned.

(Ord. O-94-14, passed 4-6-94)

§ 4.14 PL Parking Lot (At-Grade) Overlay Regulations.

A. Purpose and uses.

Purpose of Regulations	Permitted in Districts	Main Permitted Uses	Special Exceptions	Accessory Uses
The purpose of these regulations is to permit at-grade parking lots in a manner that will not have a negative impact on adjacent property. The location of these facilities must be consistent with the performance standards listed below.	Allowed in any multiple family district where the site will be used for parking associated with a commercial or office use.	At-grade, non-commercial parking lots	Any site that is adjacent to or within a single family district	Any Use that is customarily associated with the operation of an at-grade parking lot. § 4.20.

Storage of vehicles is prohibited.

B. Development regulations: See § 4.21.I.

C. Performance standards.

1. Use of the parking lot is restricted to persons working or visiting the adjacent office or commercial use.
2. The parking lot shall be designed to provide a buffer between the residentially and non-residentially zoned properties.
3. The use of parking lot shall not result in a negative impact on the adjacent properties.

Hollywood — Zoning and Land Development Regulations

4. Commercial vehicles shall not park on the site. The Office of Planning Director may apply conditions (i.e. hours of operation, lights, landscaping, limits as to cars/trucks etc.) to projects in order to insure that the above standards are met. In making his/her determination the Director may require the applicant to provide studies and other documentation to substantiate that the project is consistent with the above standards. Appeal of the Office of Planning Director's decision shall be pursuant to Article 5, subsection on "Appeal of Administrative Decisions."

(Ord. O-94-14, passed 4-6-94; Am. Ord. O-2001-16, passed 5-16-2001)

§ 4.15 PD Planned Development District.

- A. Purpose of (PD) Planned Development District. To permit larger tracts of land under unified control to be planned and developed as a whole (as a single operation or an approved series of operations) with a greater amount of flexibility by removing some of the detailed restrictions of conventional zoning. Planned Developments are recognized as serving the public interest and are encouraged because they:
 1. Allow diversification of uses, structures and open spaces when not in conflict with existing and permitted land uses on abutting properties;
 2. Allow mixed uses establishing compatible combinations of residential with commercial and/or office uses and supporting facilities;
 3. Promote resort qualities of the City by encouraging planned resort communities;
 4. Reduce improvement costs through a more efficient use of land and a smaller network of utilities and streets than is possible through application of standards contained in conventional land development regulations;
 5. Conserve the natural amenities of the land by encouraging the preservation and improvement of scenic and functional open space;
 6. Provide maximum opportunity for application of innovative site planning concepts to the creation of aesthetically pleasing environments for living on properties of adequate size, shape and location;
 7. Insure that development will occur according to limitations of land use, site design, population density, building coverage, improvement standards and construction phasing authorized through the approval of a master development plan; and
 8. Insure that development will occur within the guidelines and intent of the Hollywood Comprehensive Plan. Planned Developments are equally adaptable to new development, redevelopment and conservation of land, water and other City resources.
